IB Diploma Programme Course Companions

Published in collaboration with Oxford University Press, the highly popular IB Diploma Programme Course Companion series will be adding four new subject editions in 2009. Aiming to provide extra support for students and integrating international-mindedness, the IB learner profile and theory of knowledge, the new titles will be for psychology (February 09), environmental systems and societies (February 09), business and management (February 09) and history (April 09).

From January 2009, the Course Companion series will not be available to purchase directly from the IB store. All titles will be available from www.OxfordSecondary.co.uk/ib. Full details about the Course Companion series will still be published on the store.
