

IB AFRICA, EUROPE & MIDDLE EAST
REGIONAL CONFERENCE 2013

THE HAGUE 24TH - 27TH OCTOBER

What is the Future of Learning?

How might the FoL relate to the
future of the IB?

What strands might we use to think about the FoL?

- Globalization
- Digital Revolution
- Mind Brain Research

Goals of the FoL institute

- I. To understand critically three major societal changes shaping learning in the future.
- II. To ponder ways in which education might be changed and remain constant.
- III. To further our interest and capacity to enquire about the future of learning in multiple contexts.

How might we think about the FoL?

- 1) What do we know about the FoL?
- 2) How we might rethink learning?
- 3) What might we do?
- 4) What might these changes lead to?

What do IB students need to learn?

1. Write down the 10 'keys' that students need to learn
2. In groups, create a combined list of 10 'keys' in ranked order

How might our ideas relate to the future of the IB?

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

What might our next steps be as we consider the Future of Learning?

- Professional inquiry within organisations
- International Schools Learning Network
 - ✓ Ongoing space for sharing ideas
 - ✓ Research and trialing ideas in schools
 - ✓ Engage in collective inquiry.

What might our next steps be as we consider the FoL?
