Final data

These final data tables represent the outcomes after the close of the examination session. It includes any changes due to Enquiries upon Results and where results have completed from late school submission of information.

Context for the November 2021 statistical bulletin

Due to the ongoing disruptions as a result of COVID-19 the IB offered two routes for assessment, examinations and a non-examination route. For the non-examination route the IB used the available evidence from teachers on the student achievement; the marked coursework that the student had already completed, the predicted grade from the teacher and evidence on how these two pieces of data usually related to final grades for each school.

The IB has made every effort to ensure parity between the examination and non-examination route and recommend all stakeholders to treat them as equivalent. All statistics are based on the combined examination and non-examination route.

Key to abbreviations

Categories of registration

Diploma Programme (DP) candidates must register in one of four categories:
