

Middle Years Programme: Letter of Support (LoS) May 2026 examination session

To whom it may concern,

The International Baccalaureate confirms that [STUDENT NAME] undertook the Middle Years Programme at [SCHOOL NAME] during the period from [DATE] to [DATE].

Due to exceptional circumstances beyond the control of the student and school, [STUDENT FIRST NAME] could not complete the on-screen examinations scheduled for [MAY/NOVEMBER] of the final year in the subjects listed later in this communication. Specifically, the student was unable to undertake any of their scheduled examinations due to [REASON FOR STUDENT NOT BEING ABLE TO TAKE EXAMINATIONS].

We hereby confirm that they completed the final year of the Middle Years Programme, having studied the following subjects.

Subject	Evidence available to IB

INTERDISCIPLINARY (ENG)	N/A

It is important to note that Internal Assessment outcomes reflect student performance in assessed components completed over time and validated by the IB. These outcomes are component-specific and do not imply how a student may have performed in externally examined components or overall outcomes.

Please also refer to the IB course results certificate for the personal project and ePortfolios, as the IB has sufficient assessment evidence to provide overall grade for these assessments.

This letter of support can be considered in conjunction with the student's school transcript, which may indicate the school's view of their performance in these subjects.

Yours faithfully,

[SIGNATURE]

Dr Matt Glanville
Director of Assessment
