What is IB professional development?

IB professional development (PD) workshops and resources are essential tools to develop both educators and your school programmes, however far along your school is on its authorization journey. With multiple delivery modes available, IB professional development offers flexibility, affordability, and opportunities for collaboration across school communities.

Who can request a workshop?

Any current IB World School, candidate or ‘interested’ school can request a workshop, and submissions will be reviewed on a case-by-case basis. Please note that for billing purposes, your school will require access to ‘MySchool’ to request a workshop.

What are the options for school requested professional development?

Our two models:

**Single school**
A single school workshop delivers on-demand IB training organized to meet one school’s professional development needs. These workshops support schools in meeting authorization and evaluation requirements and provide a collaborative environment for teachers and staff, while eliminating or greatly reducing travel costs.

**Multi-school**
Multi-school events are on-demand training events that consist of one or more workshops organized to meet the professional development needs of two or more schools located within the same region. Multi-school events are designed to address training needs that cannot otherwise be met through existing events organized by the IB or its approved providers, and to provide collaboration and networking opportunities for educators.

Delivery modes:

**Face-to-face**
Face-to-face workshops are delivered in person to an individual school or school cohort. They are hosted on a school’s premises or suitable venue chosen by the requesting or “host” school and are organized collaboratively with IB coordinators.

**Online by Request**
Online by request events provide educators from the same school or group of schools with an exclusive online workshop offering for their own staff. These workshops delivered to
one school cohort allow closer interaction with online facilitators and therefore offer a
more personalised experience.

Virtual

Virtual workshops allow schools to engage in synchronous learning through a dedicated online
platform or ‘virtual classroom’, without the need to attend training at a school facility. Within the
virtual classroom, participants engage with the same content and achieve the same learning
outcomes as our face-to-face events, in a format optimised for virtual delivery.

What workshops are available?

Any workshop title offered through the IB can be requested as a single school or multi-school
workshop, although some titles may be available as either face-to-face/virtual or online options
only. Workshops are available in any of the IB’s three official languages (English, French or
Spanish) for online, face-to-face and virtual workshops.

We can also offer many of our workshop titles in other languages. If it is not possible to deliver a
workshop in the preferred language, schools may need to hire and pay for a local translator.
Please note that only one language of delivery is possible per workshop iteration. For workshops
delivered in these additional languages, not all provided materials will be translated and may be
in English.
Delivery of all training is subject to Workshop Leader or Online Facilitator availability.

What category of workshop should I choose?

All IB workshops fall under one of three categories:

Category 1 or Introductory – A focus on IB philosophy and implementation. Category 1 and
Introductory workshops include titles needed for authorization.

Category 2 – A focus on delivery of the four IB programmes of education.

Category 3 – Recommended for all educators, IB coordinators and school leaders or decision-
makers at any point in their journey as life-long learners.

How do I request a workshop or event? *

You can submit a request for a professional development workshop through our dedicated
requestor portal, accessible via MySchool. Through the portal, you will be able to submit a
request for a single workshop or for multiple workshops within the same event.

Please refer to our step-by-step guide for further assistance with the requesting process.

*While recognising the vital role associations, chapters and other organizations play in serving their
school communities, the IB must work directly with schools in the organization and delivery of
single school and multi-school events.

How far in advance do I need to request a workshop or event?

We ask that schools submit any requests for professional development as early as possible.
For **face-to-face workshops**, schools must submit a request **12 weeks** before the desired start date. For **virtual delivery**, there is an **8-week** request deadline.

**Online by request** workshops are delivered during pre-scheduled sessions throughout the year. They occur on 1st Wednesday of each month and each workshop spans over 4 weeks. Schools must submit their request for an online workshop at least **5 weeks** before the desired session start date.

**How many participants are needed to run a workshop?**

Both single school and multi-school events require a minimum of seven participants per workshop. For multi-school events, at least one participant per workshop must be from the host school. There is a maximum of 25 participants per Workshop Leader, above which we will suggest either a second iteration or invite another leader to co-lead, depending on the delivery mode requested.

**Where will my workshop take place?**

**Face-to-face**

All face-to-face workshops are held at a venue chosen by the requesting or ‘host’ school. Workshops are most commonly delivered on a school’s own premises or different campuses within the school community. External venues can also be used at the school’s expense, subject to suitability and approval from the IB.

As there are greater logistical challenges in hosting a face-to-face workshop, there are additional responsibilities for schools to consider before submitting a request:

- Workshop Leader and Field Representative support (including the provision of any necessary supporting documentation)
- Provision of catering for the duration of the event
- Provision of stationery, event signage, name badges and other workshop materials
- Provision of limited on-site printing/copying for Workshop Leaders and Field Representatives
- A suitable venue with appropriately sized rooms for workshops
- A suitable room for the pre-event faculty meeting

**Virtual**

Virtual workshops are delivered through the online platform BigBlueButton. Participants are able to access the platform remotely from their personal computers and engage in sessions regardless of their physical location.

**Online**

Online workshops are primarily asynchronous, with learning modules hosted on the Moodle e-learning platform and accessible remotely via participants’ personal computers. Some online workshops also include a synchronous call hosted on BigBlueButton, arranged with online facilitators during the course.
Who will conduct my workshop?

**Workshop Leaders**
Both face-to-face and virtual workshops are facilitated by educators who are approved to lead workshops through the IB educator network (IBEN). These are called Workshop Leaders. The IBEN team is responsible for assigning Workshop Leaders and has final say on all staffing. A host school is welcome to provide Workshop Leader recommendations for consideration and IBEN will attempt to carry out these requests where possible, but they are not guaranteed.*

*Please note that priority is given to locally based Workshop Leaders for all face-to-face events.

**Field Representatives**
If your face-to-face or virtual event has five or more workshops a Field Representative will be provided. The Field Representative is automatically assigned by IBEN and provides additional support and quality assurance oversight. Whenever a Field Representative is assigned to an event, their costs are covered by the IB.

**Online Facilitators**
Online facilitators are experienced educators who have been upskilled to deliver online training and are assigned by the Online PD team. Online facilitators are used exclusively for Online by Request workshops.

**What is the schedule of training?**

**Face-to-face**
Face-to-face workshops consist of 15 hours mandatory instruction over 2 consecutive days. Please refer to the sample agenda below:

We strongly advise schools and those registering participants to double check all details are correct before the registration deadline **22 days before delivery**. If changes are required after the registration deadline, please email your point of contact on the IB Professional Development team.

Costs incurred may include fees related to: Travel and Hotel Accommodations, including all applicable taxes. Any additional costs incurred will be processed based on the circumstances surrounding the cancellation.

We recognize that many participants must travel to attend IB workshops. The IB expects registrants to make every reasonable effort to report to the workshop for which they are registered. Please be aware that if the workshop is held, no refunds or credits will be issued for difficulties encountered in transit. Participants are encouraged to purchase a travel insurance plan designed to protect the traveler from losses that may result from sudden and unexpected conditions or events.

The IB reserves the right to cancel a workshop due to low enrollment or unforeseen circumstances. We will make every effort to give participants as much advance notice as possible of any changes to their enrollment. In the unlikely event that the IB must cancel a workshop, we will refund any paid registration fees to your school account, which can be used toward other IB invoices or workshops. Credit card payments will be refunded to the card used at time of registration. Please note that the IB does not reimburse participant travel expenses.
